Your Student's Classes at a Glance:

Reading/Language Arts

To end the year we will be doing some reading and language arts testing. I know the school year is coming to a close, but please talk to your child and encourage them to finish out the school year strong and put forth their best effort on these tests.

Math:

We will use this week in Math to do a review of the skills we have learned in 2nd grade. We will take this time to reinforce any areas of struggle as well as challenge students by beginning some third grade skills.

Science and Social Studies:

We will be working on some end of the year projects. Students will be creating a memory book to help them remember friends, teachers, projects and topics from 2nd grade. We will also be using some time to prepare for our 2nd Grade at a Glance Showcase.

Music:

I enjoyed the year! Have a good summer.

Spanish:

Wow! School is almost over! Students are completing their final project, which is a journal writing book of words they learned over the school year. They will also work on any unfinished work that has not been turned in. Have a great summer!

Registration for the 2010-2011 School year is open. All returning families receive 50% off registration fees if you are enrolled by this Friday, May 21st!

Stop by the office for your registration materials.
