Registration for the 2010-2011 School year is open. All returning families receive 50% off registration fees if you are enrolled by this Friday, May 21st! Stop by the office for your registration materials.

Your Student's Classes at a Glance:

Reading/Language Arts: Mark your calendars for our Biography Fair Presentations on Tuesday, May 18th from 1:45-2:45 in the cafeteria. All parents and relatives are invited. I have truly enjoyed teaching your student this school year. I hope you enjoy your summer, and I look forward to seeing you back at Heir Force in August.

Math: We will finish chapter 2 of the 7th grade book on Wednesday, May 19th. We will have our final test on Thursday, May 20th. It will be over chapter 2. Any missing assignments must be turned in by Wednesday, the 19th.

Science: This week students will wrap up their presentations to the class. Students have been researching the most important inventions of all time and those that have made an impact on their lives. As part of the project students were required to create a PowerPoint presentation and a poster. For their presentations students are required to get up in front of the class and explain what they found during their research. We will have a quiz on Thursday that will cover what was discussed during the presentations.

Social Studies: Please look for your child's work on the continent project they completed. Each group completed a paper, poster, timeline, and 2 maps (political & physical). This week we will be reviewing map skills and geography. We will use the Smart Board, internet, and worksheets.

Music:

Thanks so much for a great year!

Spanish: School is coming to an end and we still have so much more to learn, Wow! Student's family tree projects are coming along. There are several students who still need to turn in rough drafts in order to finish the project for credit. Please encourage you child to complete their family tree project. Students will be working on unfinished work that needs to be turned for credit and the rest having fun and learning. Have a great summer!
